The caller was someone who did not have internet access and wanted to have a session with Jared Blumenfeld, and no one else. I tried to get him to specify his issues, etc. in order to assist in his inquiry, however he displayed an attitude, meaning his preconceived notions of his knowledge were an impediment to the conversation – to put it mildly. I do not expect anyone to hear from this person again.

Ok, so if Uedico can identify a caller's issues/category, then she can:

forward the UIC issues/Aquifer Exemption caller to **Suzanne Skadowki (415-972-3165)** or **Nahal Mogharabi (213-244-1815)**, or

forward that caller to you David (415-972-3971) , or

forward to Michele Dermer (415-972-3417), or

forward to me (415-972-3532) for other outstanding, miscellaneous UIC stuff

Please edit and consider this for the R9Deep team and if appropriate, WTR-3-2.

thanks,

George

All press calls should go to OPA. If you do not know the specific press contact for an issue, then

you can send the reporter to me. For Ca UIC issues/aquifer exemptions, press calls should go to Suzanne Skadowski or Nahal Mogharabi.

Who contacted you yesterday?

David,

Maybe you might know and save Uedico, me and R9Deep some time in determining the Press Office Contact Person/Manager for taking calls regarding various items (that come up either UIC or perceived), but especially the Aquifer Exemption & Related items.

Uedico and I had a difficult time with a caller yesterday who was not reasonable – to mildly state it. In retrospect, I told Uedico that she did the right thing in forwarding the caller to me, but I would directly route this type inquiry, and most all others as well to the appropriate Press Ofc.

thanks,

George
